Profile

Hello World. I am an Interactive Designer with a keen eye for user-focused web design. I want to guide users to the information they are looking for, using the most beautiful and efficient path possible.

Skills

Front End: HTML5, CSS3, SASS, Bootstrap, JavaScript, jQuery, MaterializeCSS

Design: Photoshop, Photography

Collaborative tools: Trello, Slack, Git, Github

Back End: Ruby on Rails, SQLite3, PostgreSQL, ActiveRecord, Sinatra, RSpec, Heroku, Amazon Web Services, Terminal

Experience

FREELANCE WEB DESIGN – CURRENT

jamescreates.me: professional website for myself

> Exercised interactive mobile design with Javascript and MaterializeCSS

keyholedoughnuts.com: business website for a budding doughnut bakery

> Looped through a pictures database to display as a Lightbox

nycda-overflow.herokuapp.com: created a web application to help my fellow students learn, grow, and interact with other students

> Collaborated with several students to design a platform to give back to our school

WEB ANALYST, GLAXOSMITHKLINE; PHILADELPHIA, PA – 2013-2015

Mastered Microsoft Sharepoint to evaluate, collate, and redesign GSK's Global Health Services' webpages to increase information efficiency and beautify aesthetics

Reduced the total amount of department's web pages by 53%

HEALTH DATA ANALYST, GLAXOSMITHKLINE; PHILADELPHIA, PA – 2013-2015

Developed study to investigate company's traffic incidents by gathering, analyzing and verifying complex data sets from four separate companies using SPSS

Education

New York Code & Design Academy, Philadelphia, PA – Full Stack Web Development, 2015

University of Pittsburgh, Pittsburgh, PA – Marketing & Business Administration, 2012
